15/00766/FUL		25 Siphthorp Close, Wavendon Gate, Milton Keynes, MK7 7TH	Change of use of amenity land to garden use, erection of fencing and extension to rear (retrospective)	Customer objects to planning permission - The council object to the retrospective planning applications on the grounds that applicants should apply for permission before construction takes place and any build already taken place that is deemed to require planning permission is removed until such time as permission is granted. The council object to the extension on the following grounds: The plans show no proper detail in order to make an informed decision The materials to be used especially the polycarbonate sheets are unsightly and out of context with surrounding conservatories and would request that alternative material is sourced. The plans do not clearly show the extent of the build - are there proper footings required or are the footings such for a conservatory? Is the build to be used for habitation or is it a lean too? What is the actual extent of the build? None of these questions are answered by the plans submitted. The council note the neighbours party wall agreement and question how access will be obtained should the proposed build be 2 allowed. With respect to the fence, the council object to any resident taking over amenity land when there has been no proper sale. Therefore they believe the fence cannot be moved until proven that the land has been sold subject to the proper legal usufruct for the neighbour who currently can access that land to affect repairs. 15/00588/FUL		23 Tamworth Stubb, Walnut Tree, Milton Keynes, MK7 7DJ	Demolition of existing bungalow and erection of 2 detached 4 bed dwellings with garages	Customer objects to planning permission - While we cannot find any reason in planning to object to the application, Walton community Council are very sympathetic and supportive of the neighbours comments regarding this application as representing over development within the site. This design does not fit in with the existing surrounding developments and is, in the parish council's view, not the appropriate density for the residential area based on the existing surrounding development. It is especially sad when an application for 2 bungalows was scrubbed in favour of 2 large and dominant properties that will overcrowd the plot and not be in keeping with the design code that exists.	Application Permitted
15/00561/FUL	14/02355/FUL	41 Heybridge Crescent, Caldecotte, Milton Keynes, MK7 8HN	Single storey front and rear extensions and partial garage conversion	The customer objects to planning permission - The council object to this proposed development on the following grounds: - The front extensions and build are not in keeping with the streetscene. - The entire proposed build constitutes over development of the plot. - There will be insufficient parking available. Currently there is only space for 2 cars so a 3rd car space that is necessary is not viable. If this proposed development was allowed to go ahead it would mean that cars used by the extra guests or residents of the house will be forced out onto the street which is already very busy providing access to nursery and business park. - The council also wish that the comments and objections of the local neighbours be taken into account and that the site is visited to see the actual impact the proposed build would have.
